## Important Notice to Stockholders of the Above Company

## A LETTER

Mr. Frank Thompson, President,  
ASSOCIATED BANKERS' INVESTMENT CORPORATION,  
Oklahoma City, Okla.

My Dear Mr. Thompson:

My attention has been called to the decision of Justice Rainey of the Supreme Court of the State of Oklahoma in the case of Lee et al., vs. Cameron and the Paden Oil Company, as reported by The Daily Oklahoman of December 1, 1917.

In this opinion Justice Rainey ably interprets section 39, article 9, of the Constitution of the State of Oklahoma, and plainly sets forth that an Oklahoma corporation may not sell its capital stock at less than par. This decision will have far-reaching effects. It will prevent the issuance of preorganization stock of promotion stock. It will prevent the purchase of valueless leases and property, and the assignment thereof by promoters at fictitious valuations, thus affording stock for sale at "promotion" prices.

The DEPOSITORS OIL AND GAS COMPANY is organized under the laws of the State of Arizona. The constitution and statutes of the State of Arizona provide that the capital stock of a corporation created and existing under and by virtue of the laws of that state may be issued for cash, property, services and anything of value; that in the absence of fraud the judgment of the board of directors shall be conclusive as to the value of property purchased or services performed.

I understand that you are offering for sale to the public and have sold some of the stock of the DEPOSITORS OIL AND GAS COMPANY, owned by your company, at less than par. You may be assured and you may assure the purchasers of this stock that their investment is not affected by the decision of Justice Rainey. The organizers and incorporators of the DEPOSITORS OIL AND GAS COMPANY took a charter for that corporation after months of study and deliberation. The several steps of its organization and development have been taken, as you know, only after the most careful and mature consideration.

I feel I may assure you that the members of the board of directors are so well known in Oklahoma and their reputation and character are so well and favorably known that no potential investor will hesitate one minute for fear that his investment will not be protected and safeguarded by such men as compose the directors of the DEPOSITORS OIL AND GAS COMPANY.

You have my unqualified assurance that every purchaser of one share or more of the DEPOSITORS OIL AND GAS COMPANY shall receive the share or shares which he or she may have purchased, whatever the price at which you may have sold the same, and that this decision does not affect either your company or the DEPOSITORS OIL AND GAS COMPANY, or any stockholder in either company.

Very truly yours,

(Signed) GEORGE F. SHORT, Attorney.

## ANNOUNCEMENT

We are very happy to know that this decision has at last been rendered. It will clear the atmosphere of many, many promotion propositions so that the public will be able to differentiate between the good and the bad. The consensus of opinion of many of the bankers of the state, as regards the DEPOSITORS, is expressed in these words: "That no more substantially organized or properly planned organization has been started in the State of Oklahoma for the development of an oil industry as a business."
